"I decided to go to UMC because I needed a pathway certificate to go to the university I wanted. While I was studying there, our EAP counselor helped me prepare my documents and apply, she gave me a lot of important information and advice. We also visited my university together and spoke to professors."

Our teachers were always around and available to help. Although EAP was not easy, I completed it successfully thanks to my in-class effort, teachers' attention and staff's support.

JiYeon Son, South Korea

"The program was really helpful. When I first came to Canada I did not know anything about it, but now I know a lot about Canadian life-style, history, economy as well as about world issues."

Now I'm ready for university and I got accepted to one of the best ones in Canada without IELTS. Thanks to UMC for this amazing time of my life!

Vlad Kozhushko, Ukraine

"Before coming to UMC, I thought that I didn't need EAP course."

But after this program and all the knowledge that I got here, I realized that taking this course improved my English skills and my grammar immensely! It also helped me learn how to write essays and reports."

EAP opened the door to Canadian college for me! Thank you UMC!
